SIGNATURE Cabernet Sauvignon 2020

The Grapes

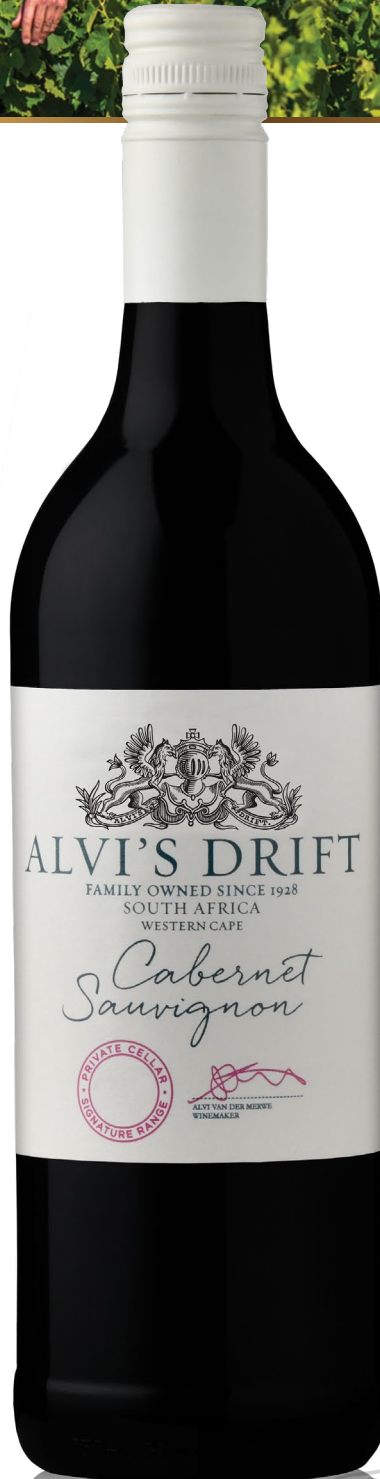

Our vineyards are grown using a philosophy of sustainability and minimal intervention and are fertilized with natural compost produced on the farm. Vineyards are meticulously managed to optimize quality. Grapes are selectively hand harvested to ensure only healthy, ripe bunches are used for production.

In The Cellar

After crushing the grapes, they are transferred to fermentation tanks where they fermented for approximately 7 days. Juice was drawn off on skins to improve the wines colour and flavour intensity. The wine was selectively matured in French oak for up to 8 months prior to bottling.

Tasting Note

Intense, near opaque with a dark ruby centre and magenta rim. The nose bursts with ripe blackberry and cassis notes, with hints of pencil shavings and warm spice in the background. Full bodied and firm, yet velvety tannins are well in balance with the opulent fruit of this wine. While delicious to drink now, this wine will mature in 5 years.

Serving Suggestion

Rare roast beef, venison pie, Comté cheese or stilton cheese. For those of you that cannot resist, this will pair well with dark chocolate, between 70% and 85% cacao.
